Projects & Internship Experience

Royal Park – Hotel Booking System

Nov 2024 – Mar 2025 | Team Project

Developed a complete hotel booking website using HTML, CSS, JavaScript, PHP, and MySQL. Implemented features like booking form, room selection, guest details, admin panel for managing bookings, and a dynamic gallery system with image management.

Personal Portfolio Website

Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my projects and technical skills. The site features a clean and responsive design with sections for introduction, project highlights, and contact details. It reflects my frontend development abilities and serves as a platform to represent my learning journey and growth as a developer. ([Live](#))
